About the Institution

It all began with a small group of committed and dedicated philanthropists led by Colonel (Retd.) Ganga Ram Jamwal who had nothing but a strong will and determination to introduce an institution of higher learning. It was the time when students had no other options but to move to SD College Baijnath (Now PSR GC Baijnath) or Govt. College Mandi or MLSM Sunder Nagar or DAV Kangra or Govt. College Dharamshala if they had to pursue higher studies. Therefore, this group wanted to illuminate the ignorant world of humble people living at grassroot level that neither had resources nor will they be sending their children to far off places for higher learning. Then they collected a meager fund of Rs 20,000/- and anyhow the college was made functional at a small match box factory. It all happened in 1989. On 4th May 1994 the college was taken over by the government and was shifted to the present building in 1999. And today even after 32 years of consistent efforts, we proudly claim to have an institution catering to the needs of around 2000 students with high female ratio and indomitable spirit to achieve more. It is affiliated to Sardar Patel University Mandi and is located on the foothills of Dhauladhar Range of Himalaya's with lush green vegetation and fertile land. The NH-154 and narrow-gauge railway station Joginder Nagar are at a stone's throw away from the college. The college campus is spread over 5 acres area of land, connected with road facility, surrounded by civil hospital, mini secretariat, and playground and in the vicinity of agricultural land. It is located at a distance of 57 kms from Mandi district headquarter. The college is included under Section 2(F) & 12(B) of UGC Act 1956. The college is free from noise and air pollution. There is a peaceful and serene academic oriented atmosphere in the college campus with co-educational system. The college is catering to the needs of rural and backward areas providing quality education. It has progressed by leaps and bounds witnessing several landmarks during its journey towards excellence in last 32 years.

1. Mode of Teaching

i. Lecture Method Only

All the faculty of the college use traditional instructional approach of teaching where the teacher delivers a verbal presentation of the subject matter with the help of traditional chalk and blackboard for demonstration. It also includes question and answer sessions, discussions or problem-solving activities.

ii. Technology Based Teaching Only

Following the rapid advancement of technology in education, the college is equipped with two smart classrooms—one in Room No. 102 and the other in Room No. 201, which also serves as a computer lab. In addition, five interactive panels are available in Physics Theatre-II, Botany Theatre-II, Chemistry Theatre-II, Room No. 203 (Geography), Room No. 303 (Commerce), as well as the Botany Seminar Hall and the BCA Lab, which is also equipped with an overhead projector, to cater to diverse learning styles and needs.

These technology-enabled classrooms combine the features of a traditional whiteboard with the versatility of touch-screen digital tools, allowing teachers to present and interact with digital content during lessons. Teachers **regularly use these tools such as PowerPoint presentations, e-boards, visual data displays, animations, and video streaming to enrich their teaching practices.** The integration of these resources significantly enhances instructional effectiveness and contributes to a dynamic, engaging, and learner-centered classroom environment.

iii. Flipped Classroom

The flipped classroom approach reverses the conventional teaching model by shifting initial content delivery outside the classroom and reserving class time for deeper engagement with the material. In this method, students first explore new topics at home through reading materials, videos, or other digital resources. When they come to class, the time is used for discussions, clarifying doubts, collaborative problem-solving, and applying concepts through activities.

Teachers of the college incorporate elements of the flipped classroom approach in teaching learning. They provide students with learning materials such as videos, PowerPoint presentations, or online articles to review before class. For instance, some faculty members create their own educational videos and upload them to platforms like YouTube. These videos are then shared with students as **pre-class learning resources.** In the classroom, the teacher focuses on interactive discussion and application of the concepts introduced in the assigned materials.

The photographs show students actively engaged in peer discussion and concept explanation during classroom sessions. These activities take place after students have reviewed learning materials shared in advance — an essential component of the flipped classroom approach. In this model, class time is utilized for interactive learning, collaborative problem-solving, and deeper understanding of the topics covered earlier by students on their own.

iv. As Per Need of Different Groups of Students

Remedial classes in the college are designed to help students with different needs and expectations. These classes focus on improving students skills in their respective subjects. The objective of remedial classes to bridge the gap between a student's current academic skills and expectation of course he/she opted for. Besides, Career Counseling and academic guidance is also provided to students in aligning their studies with long term career goals and help them develop time management, organization and study skills.

2. Curriculum Planning and Implementation

i. Teaching Schedule

The college prepares a detailed teaching schedule for each course in accordance with the guidelines prescribed by Sardar Patel University. This schedule outlines the systematic distribution of the syllabus across the academic session to ensure timely and comprehensive curriculum coverage. All faculty members strictly adhere to the prescribed teaching plan, maintaining uniformity and academic discipline across departments. Regular monitoring by the Heads of Departments ensures that classes are conducted as planned and that any deviations are promptly addressed. This structured approach not only enhances teaching effectiveness but also ensures that students benefit from well-organized and consistent academic delivery.

ii. Whether Learning Outcomes Defined

All the Programme Specific Outcomes (PSOs) for various programmes offered by the institution including B.A. (English, Hindi, Political Science, Economics, Geography, History, Sociology, Public Administration, Sanskrit, Music, Education and Physical Education), BSC, BCA, BBA, BCOM as well as postgraduate programmes such as **M.A. English and M.A. Economics** are already provided on the official college website (<https://www.gcjogindernagar.in/page/programmeoutcomes.html>). These outcomes are formally documented and made accessible to all stakeholders for reference and academic planning.

These Programme Specific Outcomes guide the teaching–learning processes and are consistently followed by faculty members while preparing course plans, instructional materials and evaluation methods. The availability of these outcomes on the website ensures transparency, facilitates student awareness and supports the institution’s commitment to maintaining academic quality and accountability.

iii. Curriculum Enrichment Practices

During the academic year 2024–25, the college undertook several curriculum enrichment initiatives aimed at enhancing students’ academic competence, cultural awareness, practical exposure, and research skills. These activities were conducted under four major categories: Surveys, Educational Tours, Industrial Visits, and Project Work.

A. Surveys

To encourage experiential learning and develop analytical skills, students participated in survey-based academic activities during the session. These surveys enabled students to collect field data, interact with local communities, and apply classroom concepts to real-life contexts. The findings from these surveys contributed to class discussions and academic assignments, thereby enriching the learning process.

B. Educational Tours

The college organized multiple educational tours to broaden students' understanding of cultural heritage, museum studies, and historical architecture.

a. Educational Tour to Kerala and Mumbai (12–20 Feb 2025)

An educational tour to Kerala and Mumbai was conducted from **12 Feb to 20 Feb 2025**. A total of **35 students** participated, accompanied by **Dr. Kuldeep and Mr. Naveen Nischal Sood**, who served as faculty coordinators. Students visited various cultural and educational institutions.

b. Educational Tour to Chamba

A separate educational tour to **Chamba** was organized in the month of Oct, 2024 to expose students to the region's cultural and architectural heritage. **Ms. Shivani** was deputed as the faculty coordinator. Students visited significant historical monuments and museums, which enriched their understanding of regional art and heritage conservation.

C. Industrial Visit

Industrial Visit to Mandi, Himachal Pradesh (29 November 2024)

On **29 November 2024**, an industrial visit was organized to an industrial unit located in **Mandi, Himachal Pradesh**. The coordinators were **Dr. Kuldeep Singh** and **Dr. Samriti Thakur**, who accompanied **31 students**. The visit provided hands-on exposure to industrial operations and processes, enabling students to integrate theoretical knowledge with practical experience.

Industrial Visit to Govt. Ayurvedic Pharmacy Joginder Nagar (20 November 2024)

On 20 November 2024, a visit was conducted to the Govt. Ayurvedic Pharmacy, Joginder Nagar, Distt. Mandi, Himachal Pradesh. 25 students were accompanied by two staff teachers: Dr. Atul and Smt. Aarti Sharma, Assistant Professor of Chemistry from RGM Govt. College Joginder Nagar.

Visit to CSIR-Institute of Himalayan Bioresource Technology (IHBT)

A research-oriented trip to the CSIR-Institute of Himalayan Bioresource Technology (IHBT) in Palampur, offering exposure to cutting-edge Himalayan biotechnology and sustainable bioeconomy research.

D. Project Work

As part of the curriculum enrichment initiatives, students also undertook **project-based work** during the session. These projects encouraged independent learning, critical thinking, and application of subject knowledge. Students carried out topic-specific investigations under faculty supervision, and their findings were evaluated as part of the assessment process. The project work significantly contributed to enhancing research aptitude and problem-solving skills among students.

iv. Internal Assessment Mechanism (Quizzes, Class tests, Presentations, Assignments, MTTs etc.)

The internal assessment mechanism for undergraduate students of the college is defined by the Sardar Patel University in the syllabus which includes: Continuous Comprehensive Assessment: This Accounts for the 30% of the final grade for a course. It comprises of Mid Term Examination, Class Test, Assignment/ Seminars and Attendance.

End Semester Examination: This account for 70% of final grade for a course. Students are briefed with Internal Assessment and Evaluation Mechanism at the very outset to enhance transparency and to make them well aware of the mechanism adopted for evaluation. The respective teachers evaluate the answer books of class test, assignments and project Reports. The assessment is shown and discussed in the classes. The Students will be provided feedback on their mistakes and suggestions for improving their performance. The final internal assessment is uploaded by the teachers on the university portal in accordance with the guidelines of Himachal Pradesh University. The whole process is objective and devoid of any bias.

v. Prompt Communication of Assessment/Results to Students

The college is committed to maintaining transparency and accessibility in communicating students' academic performance. Examination results and Continuous Comprehensive Assessment (CCA) marks are regularly displayed on the college notice board. Additionally, subject teachers share the results with students through class WhatsApp groups, facilitating swift communication and easy access. By utilizing both online and offline platforms, the college ensures that students receive timely and transparent updates on their academic progress.

3. Add-on Courses/Certificate Courses

No add-on or certificate courses were conducted during the session 2024–25.

4. Student feedback (taken from students with 80% attendance):

The Internal Quality Assurance Cell (IQAC) of the college has established a comprehensive feedback mechanism and framework to evaluate the institution's performance across various domains. For the academic session 2024-25, the IQAC conducted a student survey using a Google feedback form to assess and uphold the quality of teaching. Responses were collected from students who maintained at least 80% attendance, providing valuable insights into the teaching-learning process. The collected data was systematically analyzed to identify areas of strength and opportunities for further enhancement in instructional quality.

i. Sample Size

A representative sample of 519 students, constituting more than 25% of the total student population, was selected to provide feedback for the student survey. This sample size was chosen to ensure a comprehensive and accurate reflection of student perspectives on the teaching-learning experience.

The responses collected via Google Forms were analyzed to gain valuable insights into various aspects of academic quality and institutional effectiveness.

Curriculum Coverage

In response to the question on syllabus completion, 42.2% of students reported that 85–100% of the syllabus was covered, while 44.7% indicated 70–84% coverage. A smaller proportion reported moderate or low coverage. Overall, the results suggest that the majority of courses were completed satisfactorily within the stipulated academic period.

Teaching Preparation and Delivery

Regarding teachers' preparedness, 63% of students rated the preparation as satisfactory, and 24.9% rated it as thorough. Only a negligible percentage expressed dissatisfaction. This reflects a strong level of faculty commitment and effective classroom planning.

Teaching Effectiveness and Learning Experience

Across the remaining questions, students provided largely positive feedback on:

- Clarity of explanation
- Subject knowledge of teachers
- Use of teaching aids and examples
- Interaction and doubt clarification
- Pace and organization of lectures

Most responses fell in the good to excellent range, indicating that teaching methodologies were effective and student-centered.

Assessment and Academic Support

Students expressed satisfaction with:

- Fairness and transparency of internal assessments
- Timely conduct of tests and assignments
- Constructive feedback on performance

Academic support mechanisms such as mentoring and guidance were also rated positively.

Overall Satisfaction

The cumulative analysis of all 25 questions shows that students are generally satisfied with the quality of teaching, curriculum delivery, and academic environment. The feedback highlights the strengths of faculty preparedness, syllabus coverage, and instructional effectiveness, while also offering scope for minor improvements in coverage uniformity and teaching strategies.

INTERACTION & SHARING OF SUCCESS STORIES WITH DA
The Drug Monitoring Unit at R.G.M. Govt. College, Joginder Nagar, in collaboration with the Awakening Group of Narcotics Anonymous and Nehru Yuva Kendra, held an interaction program on October 28, 2024. A significant number of former drug addicts shared their success stories and how they overcame their addiction. Ms. Sameer from Narcotics Anonymous provided an in-depth discussion on the issue of drug use. SHO Joginder Nagar, Mr. Shini Kapoor, informed the attendees about the various laws enforced to combat drug trafficking. The SHO discussed how these laws are enforced to prevent drug-related crimes and the importance of public awareness and cooperation in tackling the drug menace. After the presentations by different speakers, there was a question-and-answer session, where the participants asked about the various harmful effects of drugs. The DYO Ms. Bharti Mungra concluded the programme with a vote of thanks. After the event, a rally was held by the NSS students.

Narcotics Anonymous PR meet

On 28th February, a special event was held at Deer Park Institute, Bir, on the subject of "Recovery from Drug Addiction". This is a part of ongoing efforts to promote recovery within the local community. The event was attended by Dr. Surinder, Assistant Professor in English, Tehsil officials, senior police officers and members of Panchayats and Mahilla Mandals. A local resident from Bir shared his personal journey of overcoming addiction with the help of recovery meetings. Additionally, discussions were held on how key community stakeholders can collaborate to expand the reach of recovery support to young people. Narcotics Anonymous has promised to conduct a meeting at R.G.M. Govt. College, Joginder Nagar very soon.

RGM GC-Joginder Nagar
RGM Govt. College
Joginder Nagar, Distt. Mandi (H.P.)

A meeting of the Women's Grievance, Redressal-cum-Equal Opportunity Cell was held on 27/9/24. This session aimed to educate and empower female students on various important topics related to their safety, health and overall well-being.

The meeting covered crucial subjects such as menstrual hygiene and cleanliness, helping students understand the importance of personal health and self-care. The members also addressed issues of sexual harassment, explaining ways to identify and respond to harassment effectively. Students were further educated on handling instances of eve-teasing, emphasizing safe and practical responses and encouraging them to report any incidents.

In the era of increasing use of social media, the cell also highlighted the importance of maintaining digital safety. Students were informed about potential dangers of online friendships, including how to recognize and avoid fake profiles or potential scams on platforms like Facebook and Instagram. They were provided with guidance on privacy settings, safe online interactions and importance of not sharing personal information with unfamiliar contacts.

The session also covered strategies for avoiding and addressing online harassment and cyberbullying. Members of cell interacted with students, answering their questions and creating an open environment where students could share their concerns freely.

Additionally, the students representatives of the cell were introduced, encouraging female students to approach them with any issues, whether they relate to personal safety, mental health, or academic challenges. These representatives serve as a supporting resource, offering a safe space for students to voice their concerns and seek assistance.

The following members of the Teaching staff and students attended the meeting

- 1) Prof. Manjiv Bala 
- 2) Prof. Kaumudi Sharma 
- 3) Dr. Purnita Ku. Gurdal

Points discussed in the Group:

The students wanted to know about how to secure good marks in the papers as well as how to prepare for competitive exams. The following advice was imparted to them:

- 1) The question which is the most well-posed by them should be attempted first of all.
- 2) Their answers should have comparative studies among different writers.
- 3) In the lengthy questions first paragraph should be written about the author, also citing their other books etc.
- 4) In the paper of poetry original text should be quoted wherever possible.
- 5) More & more original ideas should be put in the answers.
- 6) Grammatical mistakes should be avoided. Sentence formation should be correct.

Mentor - Mentee Session Report

The first Mentor-Mentee Group Session was conducted on 6th Nov 2024 with the participation of 13 students of B.A. 2nd year. The session began with the mentors' introduction, followed by self-introduction by all students. The interaction helped in creating a friendly and comfortable atmosphere. Students shared their hobbies and interests, during which several expressed a desire to learn music in future sessions.

Overall, the session was interactive and successful, with active participation from all students, and it provided a positive foundation for future mentor-mentee session or activities.

| GATE Score | 506 | Marks out of 100 | 35.67 |
| All India Rank (AIR) in the test paper | 1101 | Qualifying Marks | 25.2 |
| Number of candidates appeared for the test paper | 26825 | EWS/OBC-NCL | 22.6 |
| | | SC/ST/PwD | 16.7 |

A candidate is considered qualified if the marks secured are greater than or equal to the qualifying marks mentioned for the category, but when a valid category certificate, if applicable, must be produced along with this Score Card.

This Score Card is valid up to 31st March 2027.

GATE SCORE COMPUTATION

The GATE 2024 score is calculated using the formula

$$\text{GATE Score} = S_n + \left(\frac{M - M_n}{M_n - M_n'} \right) (S_n' - S_n)$$

where

- M is the marks obtained by the candidate in the paper mentioned on the GATE 2024 Score Card
- M_n is the qualifying marks for general category candidates in the paper
- M_n' is the mean of marks of top 0.1% or top 10 (whichever is larger) of all the candidates who appeared for the test paper
- S_n = 350, is the score assigned to M_n
- S_n' = 900, is the score assigned to M_n'
- M_n is 25 marks (out of 100) or μ + σ, whichever is greater. Here, μ is the mean and σ is the standard deviation of marks of all the candidates who appeared for the test paper.

Qualifying in GATE 2024 does not guarantee admission to a postgraduate program or scholarship/financial assistance. Admitting institutes may conduct additional tests or interviews for final selection of candidates.

Graduate Aptitude Test in Engineering (GATE) 2024 was organised by Indian Institute of Science, Bengaluru, on behalf of National Coordination Board (NCB) - GATE for the Department of Higher Education, Ministry of Education (MoE), Government of India.

Institutional Vision

i. Vision Document

From the very beginning of this institution, it has witnessed many changes. It has been successful in its aim of bringing more and more students into the field of higher education by launching a sustained and systematic campaign and will undergo many more in the coming years to cater the ever changing and increasing needs of students so that they may attain new milestones in the field of quality education

1. To build a holistic and vibrant learning environment, founded on value based academic principles.
2. To inculcate mental and spiritual strength and clarity of thoughts in order to develop the character of students.
3. To develop a potential for excellence.
4. To keep pace with latest technology.
5. To develop courses which are helpful in seeking employment,
6. To empower students to translate their dreams into reality and to combine emerging global trends with national spirit through higher education.

ii. Institutional Development Plan

EXECUTIVE SUMMARY OF THE IDP

The primary goal of the institution is to enhance the quality and equity of its students, aligning with international standards. To reach this objective, students' learning outcomes must lead to increased employability, higher transition rates, and improved learning quality. This can be accomplished by

elevating faculty teaching through research, upgrading qualifications and subject knowledge, enhancing research skills, and providing pedagogical training. Organizing faculty development programs, encouraging participation in conferences, seminars, and workshops, and promoting innovation are key strategies.

As technology advances rapidly, it is essential to meet students' expectations by offering high-quality technical education and research opportunities. The institution's quality is also evaluated by the number of NBA-accredited undergraduate and postgraduate courses. Enhancing employability further requires exposing faculty to industry practices and emerging technologies. Additionally, there is a need to focus on improving the performance of weaker students, especially those from rural backgrounds.

i. Green initiatives of institutions.

Objectives of the Practice

- To educate and sensitize students about waste management.
- To check and control Pollution.
- To reduce energy related costs
- To preserve local characteristics
- To dispose of solid and liquid waste and chemicals in a responsible manner
- To install environment friendly energy conservation
- To purchase recyclable and environment friendly products whenever practicable

The Context

There has been a close relationship between nature and mankind since the inception of humanity and there has to be a harmony between the two. Environmental issues are such that they affect every living being. These issues are related to different aspects of life as these issues basically deal with the existence of life and sustainability of resources and the earth itself. Our religious scriptures also highlight the importance of nature and therefore it has always been worshipped. We have been using and thus exploiting nature to such an extent that environmental degradation is a major threat today. After industrial revolution the pace of resource exploitation and consumption has also increased to cater to the needs of increasing population. Consequently, there has been greater use of fertilizer and pesticides leading to pollution. Therefore, there is an urgent need to conserve natural

resources for the survival of future generations. Green Practices help the college to stand out as a role model in environment conservation for the students who are the future of our country. In this context the college has adopted the following practices:

1. Solar Panels & Solar Lights
2. Rain water harvesting Tanks
3. Vermi Compost Pitt
4. Plantation Drive by NCC/NSS/RR
5. Eco Club Formation

The Practice

Solar Panels & Solar Lights

We know that sun is the ultimate source of energy on the earth. India being a tropical country, sun light is available in abundance. Vertical solar radiation is available almost throughout the year and we need to harness and utilize this energy. Understanding the need to tap this resource, the college has set up solar panels and solar lights at key points in the campus. The solar lights illuminate the college at night and also help in educating students about how electric energy can be saved for the country.

- Solar panels with better capacity were installed in the Administrative block in 2024.

Rain water harvesting Tanks

Life has been possible on earth due to water. Water that we use comes to us through water cycle. The water vapours get condensed in the atmosphere and precipitation takes place on the earth surface in the form of rain and snow. The rain water on the earth surface is used in different ways. Most of the water flows through the rivers back to the oceans. We are using this precious resource luxuriously. We are over utilizing surface as well as ground water. So, there is an urgent need to manage this resource and use it judiciously. Accordingly, the rain water harvesting tank, which uses surface runoff harvesting, has been set up to store the rain water and utilize it at a later point. This practice teaches our students how to reduce the consumption of water and how to restore the water table. This water is free from pollutants as well as salts, minerals and other natural and manmade contaminants, and is used for irrigational purpose.

Vermi-Compost Pit

It has been set to emphasize the use of bio-fertilizers and reduce dependence on urea and chemical fertilizers. Waste materials are collected, decomposed and broken down by worms, insects, bacteria, fungi and a dark fertile soil is formed which is called compost. It is mainly the bio degradable material kitchen waste, leaves and branches, human waste which can be used for this. These materials are put in a pit and mixed with soils, leaves etc. Worms, insects etc are introduced deliberately and water is sprinkled on the top to keep it moist. Thus, rich fertile manure is produced.

PLANTATION DRIVE

- The first activity of the Eco Club for the year **2024–25** was the **Plantation Drive** conducted on 17 September 2024.
- Around **30 students of 1st, 2nd, and 3rd year** participated and prepared pits for plantation.
- The plants were **donated by the Herbal Garden, Joginder Nagar** on the occasion of “*Ek Ped Maa Ke Naam*”.
- **Herbs and tree saplings** were planted during the drive.
- Each student **adopted one plant** to take proper care of it.
- The event was **graced by the Regional Director, HRTC Joginder Nagar, Shri Ansh Chauhan, and his team.**
- The guests made students aware of the **botanical names, local names, and uses** of the planted species.
- The **Principal, RGMGC Joginder Nagar**, also accompanied the students and planted a sapling.

**ECO CLUB PLANTATION DRIVE
17.9.2024**

- A tree plantation drive was carried out by the NSS voluntaries on 09-sep-2024 near Banderi Mata temple Galu.

Eco-Club

This club of the college creates awareness of environmental issues such as protection, conservation, preservation, and restoration with an emphasis on educating and empowering students. As a result, the students and parents have a deeper understanding of environmental issues and have the wisdom to make informed and responsible decisions. In addition to the various literary activities, awareness programs and lectures, the Eco club organizes actionbased activities like tree plantation and cleanliness drives, grow kitchen gardens, maintain vermin compost pests and rain harvesting tank. The large-scale participation of students shows that they are interested in environmental advocacy and awareness.

The students are sensitized to minimize the use of plastic bags, not to throw them in the public places as they choke drains and sewers, cause water logging and provide breeding ground for mosquitoes. The college organizes tree plantation programs, awareness programs such as quiz, essay, painting competitions, slogan writing, rallies etc. regarding environmental issues and educates them about recycling and reuse of waste material. The students are also sensitized about traffic rules, use of unnecessary horns, and against the use of crackers and fireworks. Field visits to environmentally important sites are held. Indiscriminate burning of waste, which causes air pollution and respiratory diseases, is discouraged. Students are also motivated to imbibe habits and life style of minimum waste generation and distinguish between dry, wet and bio degradable waste. They learn to identify polluting agencies and forward it to the enforcement agencies. The volunteers learn to beautify the college campus and surroundings with plants and flowers and put campaign boards to spread awareness. The students are imbibed with the ethos of conservation of water and develop skills of observation, experimentation, survey and analysis needed for environmental conservation.

We as an Institute follow the principle of 3 R's: Reduce, Reuse and Recycle

Collection, distribution and plantation of *Waithianasominifera*, on 13.11.2024

Members of Eco Club of RGM Govt. College, Jogindernagar, visited the exhibition conducted by the 'Ayurveda Anusandhan Sansthan' in the Red cross fair, where they collected the plantlets of the well known Medicinal Plant *Wathianasominifera*, which were taken to the Botany Department and distributed to the members of the Eco club so they can be planted in the institution or their own houses, in this way the importance of medicinal plants could be spread in society.

- Environmental Geography Week was celebrated with effect from 18 Nov 2024 to 24 Nov 2024.

- A mass cleanliness drive was carried out in the college campus on 10 Oct 2024.

Evidence of Success:

1. We have Solar Panels connected with Library.
2. We have Solar Lights in the Campus.
3. We have Rain water harvesting Tank.
4. We have Vermi Compost Pitt.
5. We perform “Clean India Campaign” by NCC/NSS/RR.
6. We are always motivated for Plantation Drive by NCC/NSS/RR.
7. The Eco Club creates environmental awareness among masses by popularizing those activities which are eco-friendly.

ii. Cleanliness in washroom buildings/ campus:

6. Facilities for students:

- a. Well-furnished common room is available for the girl students.

b. Adequate toilets as per students strength

(Adequate toilets are there for girls' and boys' in the college.)

c. Sanitary napkin vending machine/ incinerator regularly put in use

d. Regular use of play ground

7. Regular Updation of service books/ Service Records.

Regular updating of service books or service records is essential for accurate employee management, especially in organizations where service records are used for tracking promotions, increments, benefits, and retirement. Here are the steps to ensure timely and efficient updating of service books or service records:

All key events in an employee's career are tracked and updated, including:

- **Joining date and appointment details**
- **Promotions, increments, or pay revisions**
- **Leave records (paid, unpaid, and earned leaves)**
- **Disciplinary actions or warnings**
- **Training and development programs attended**
- **Transfers or changes in roles**
- **Pension and retirement details (if applicable)**

8. Timely Submission of ACRs.

Yes, the **timely submission of Annual Confidential Reports (ACRs)** is crucial for assessing employee performance, considering promotions, and implementing other career-related decisions. Delays can result in administrative bottlenecks and impact employees' careers.

9. Prompt Response to Official Correspondence.

Yes, ensuring a **prompt response to official correspondence** is essential for maintaining organizational efficiency, improving communication, and fostering accountability. Delayed responses can cause operational delays, misunderstandings, or missed opportunities.

10. Proper maintenance of official Records (Cash Books/ Stock registers, Fund registers, Leave records, Fine Fund etc.)

17. Feedback from stockholders other than students and action taken thereon.

Annual Feedback Collection:

Teachers and Faculty: Feedback is collected from all teaching staff to understand their perspectives on the curriculum, teaching methodologies, resources, and overall academic environment.

Alumni: Feedback is also solicited from alumni to gain insights into how well their education prepared them for their careers, as well as their views on the college's current initiatives, infrastructure, and programs.

Feedback Methodology:

Google Forms: A structured Google Form is utilized to ensure that feedback is gathered in a consistent and organized manner. The form includes both quantitative (rating scales) and qualitative (open-ended questions) elements to capture comprehensive input from stakeholders.

Areas Covered in Feedback:

Academic Programs: Evaluation of course content, teaching effectiveness, and the relevance of the curriculum to industry standards.

Infrastructure and Facilities: Assessment of the quality and availability of resources such as libraries, laboratories, IT facilities, and classrooms.

Support Services: Feedback on the effectiveness of administrative services, student support systems, and extracurricular activities.

Professional Development: For faculty, feedback includes suggestions for professional development opportunities and enhancements in teaching methodologies.

Analysis of Feedback:

Data Compilation: The responses from the Google Form are compiled and analyzed to identify common themes, strengths, and areas that require improvement.

Alumni feedback

This comprehensive report analyzes responses collected from the Alumni Information Form 2024–25. The report includes statistical summaries, detailed observations, and visual charts created based on alumni feedback.

Would you recommend this college to other parents?

17 responses

The parent feedback reveals that the college is performing well in several key areas, particularly in maintaining discipline, ensuring a safe and comfortable environment for students, and fostering positive behaviour from teachers towards learners. Parents generally appreciate the teaching quality and feel that the institution provides a supportive atmosphere for their children. At the same time, the feedback highlights certain areas where improvement is needed especially in maintaining consistent communication with parents and providing regular updates about students' academic progress. Many parents selected responses such as "Sometimes," indicating that while efforts are being made, the communication system is not uniform for all students. Overall satisfaction ratings averaged around 3.3 out of 5, showing that while parents recognize the institution's strengths, they also expect greater involvement, better academic monitoring, and stronger engagement. Despite

this, the majority of parents expressed willingness to recommend the college to others, reflecting a positive image with room for further enhancement.

5.1 BestPractices in r/o Rajiv Gandhi Memorial Govt. College Joginder Nagar,
Mandi, Himachal Pradesh

BEST PRACTICE I

1. Title of the Practice: Book Bank and Financial Support to Students

2. Objectives of the Practice

- a) To help needy and meritorious students.
- b) To overcome financial constraints for bright students.
- c) To have personal interaction with economically weak students

3. The Context

The college is located in a rural area and most of the students are from humble financial background. Keeping it in mind, staff members from different departments have taken the initiative to lend books to students from their own collections and have also offered financial assistance for covering college expenses.

4. The Practice

The Departments of Chemistry, English, Political Science, and Commerce have maintained a book bank. After completing their exams, the majority of students return the books they were provided by entering their records in the register. In accordance with their needs, some students also keep the books with them.

5. EvidenceofSuccess

- a) The English Department has distributed books to 113 needy students.
- b) The Chemistry Department has provided books to 55 needy students.
- c) Books worth Rs. 7234/- were distributed to students through commerce society.
- d) 39 books were given to sixteenstudents by Department of Political Science.

Academic Session 2024-25

5.1. Best Practices in r/o Rajiv Gandhi Memorial Govt. College Joginder Nagar, Mandi, Himachal Pradesh

BEST PRACTICE II

1. Title of the Practice: EMOTIONAL WELL BEING OF STUDENTS

2. Objectives of the Practice:

- a) To optimize the emotional quotient of students.
- b) To inculcate the qualities of leadership and teamwork.
- c) To provide therapeutic sessions to streamline students' emotional needs.

3. The Context

The college has always strived hard for holistic development of students and has produced academicians, sports persons and entrepreneurs. But, in the changing scenario of globalization, even after achieving the set life goals the people are falling into depression. With this context in mind, these motivational and therapeutic sessions were conducted to make our students emotionally resilient individuals.

4. The Practice

Our college has collaborated with **Prajapati Kumarishwariya Vishwa Vidyalaya** on 17th May, 2024. Two Rajyoga Wellness Programme were conducted in college w.e.f. 02.09.2024 to 07.09.2024 and 24.09.2024 to 04.10.2024 to foster mental wellbeing and positivity among students. Mr. OP Kapoor, Associate Professor of Economics also delivered lecture on self-realization to various students groups on 25.09.2024, 27.09.2024 and 30.11.2024.

5. Evidence of Success

- a) Through these sessions by BK Seema and Pallvi, the students found a profound change in their personality and expressed a desire to attend various sessions further.

6. Problems Encountered and Resources Required

The only obstacle was to motivate the young minds to participate in these sessions, as our college is located in a rural area with little awareness of mental health issues and it is assumed that academic excellence is the primary domain of an educational institution. The resources required for these sessions were provided by **Prajapati Kumar Ishwariya Vishwa Vidyalaya Jogindernagar**.

🌟 My Bharat Outreach Program | Rajiv Gandhi Memorial Government Degree College, Joginder Nagar 🌟

We are proud to share that the enthusiastic NSS volunteers actively organized the My Bharat Outreach Program. With a vision to empower and engage the youth in nation-building, our volunteers took the following steps to make this initiative a success:

- 1 Enrollment: Volunteers first registered themselves on the My Bharat Portal.
- 2 Awareness Campaign: They began spreading the idea of My Bharat among college staff and the local community including local youths.
- 3 Encouragement: By sharing the significance of this initiative, they inspired civilians and staff to join the My Bharat and contribute towards creating a stronger and united India.

Through this outreach program, we aim to foster a sense of responsibility and patriotism among the youth and community members. Let us all come together and play our part in shaping the future of our nation!

7. Nukkad natak on AIDS Awareness

Community Feedback for Street Play at bus stand for AIDS Awareness by RGM Govt. College Jogindernagar on 29.08.2024

The efforts of students to spread awareness on HIV and AIDS were commendable. Their indomitable spirit to talk publically about the sensitive issue helped in raising awareness among bus & taxi operators, commuters and local community. The street paly was indeed a step towards community building for HIV affected patients and also a lesson to people on prevention from HIV/AIDS. The efforts of students are highly appreciable.

Library facility is extended to old students.

The college caters to the educational need of rural and economically less privileged students. After completing the studies, these students generally prepare for job oriented state and national level competitive examinations and for this they need access to study material, daily newspapers, internet, magazines and reading space. With this context, their alma mater has extended library facility to them.

The students approach the college librarian for Old Students Library Membership registration, which is renewed after every three months. Once the registration is done, they visit library by entering their

particulars in visit register and also seek career guidance from the teachers during their visit to library. This practice also helps students to set a study routine and be socially active also. All the records are available in college library.

The students are learning the art of soap making from a startup, Organic with Love and are also providing the raw material to the same firm for production of cosmetics.

Students of the Sociology Department from Panjab University visited the campus of RGMGC Jogindernagar for an academic interaction and exposure programme. During the visit, PU students and research scholars interacted meaningfully with the students of RGMGC, sharing insights into university life, higher education opportunities, research avenues, and professional growth pathways. The interaction played a significant role in motivating the students of RGMGC Jogindernagar by helping them overcome fear, hesitation, and uncertainty regarding university level studies and future career prospects. The visit strengthened academic confidence, broadened

students' understanding of higher education opportunities. This initiative contributed significantly to student capacity building and created a positive and encouraging academic environment for aspiring learners of the Sociology Department.

Dr Vinod Chairperson, Dept of Sociology, Panjab University also delivered a lecture.

This motivated our students and this year one of our students join P.U. in sociology department.

7. Student Exposure Programme

To reinforce the essence of Sociology as a discipline grounded in social realities, compulsory research projects were undertaken by second-year students on various contemporary social problems such as child begging, rising cases of divorce in rural areas, migrant labourers residing in Jogindernagar, transgender issues, abuse of social media, identity crisis, and related concerns. These projects enabled students to engage directly with society, apply sociological concepts and research methods, and develop a deeper understanding of emerging social challenges and their implications.

Subject: Formation of Cluster for Student-Teacher Collaboration

Sir/Madam,

In continuation of this office letter No. EDN-HE(28)F(7)-11/23(Vol-III) dated 03-11-2023 and compliance to the order of PS/Secy. (Edu)10/2023 dated 07.10.2023 the clusters have been constituted for effective coordination and collaboration among students and teachers of a Cluster. Each lead college has been assigned some nearby institutions for this purpose. To begin with Principal of lead college will coordinate with Principals of Cluster colleges for quality education, collaborative student's activities and NAAC Accreditation.

For NAAC Accreditation role of Principal of lead college will be as below:-

1. To coordinate/collaborate/support cluster colleges for NAAC Accreditation. Special session or training may be organised for IQAC teams for these colleges using human resources of cluster or may arrange resource persons appropriately.
2. To apprise state NAAC working Group about progress made for NAAC Accreditation of these colleges.

The principal of lead colleges is directed to coordinate accordingly and submit the report of NAAC status of cluster colleges to undersigned before 31st Dec 2023 positively.

List of cluster colleges has been attached.

Major Project:

The Institute has one major project, **Unnat Bharat Abhiyan** with Ministry of Education Govt. of India. In the year 2025, the Unnat Bharat Abhiyan (UBA) Cell of Rajiv Gandhi Memorial Government College (RGMGC), Jogindernagar, received a grant of 50,000 to strengthen community-based activities and outreach programmes. Under this initiative, the UBA team visited all five adopted panchayats to assess local needs, interact with community members, and plan actionable developmental activities. These field visits focused on understanding grassroots challenges, identifying priority areas, and enhancing the college–community partnership envisioned under UBA.

Effects of metals (X = Pd, Ag, Cd) on structural, electronic, mechanical, thermoelectric and hydrogen storage properties of LiX_2H_4 perovskites

Anupam¹, Shyam Lal Gupta², Sumit Kumar³, Sanjay Singh Thakur⁴, Advan Kumar⁵, Divaker⁶

ABSTRACT

Hydrogen storage capability of various compositions like $LiPdH_4$, $LiAgH_4$ and $LiCdH_4$ perovskites is investigated using first-principles calculations. The structural, electronic, mechanical, and thermoelectric properties are studied. The hydrogen storage properties are also investigated. The results show that the hydrogen storage capacity of $LiPdH_4$ is higher than $LiAgH_4$ and $LiCdH_4$. The results also show that the hydrogen storage capacity of $LiPdH_4$ is higher than $LiAgH_4$ and $LiCdH_4$.

Spin-polarized DFT investigations of novel KV_5B half-Heusler compound for spintronic and thermodynamic applications

Advankumar¹, Shyam Lal Gupta², Vipin Kumar³, Sumit Kumar⁴, Anupam⁵, Divaker⁶

ABSTRACT

The structural, electronic, mechanical, and thermodynamic properties of the novel half-Heusler compound KV_5B are investigated using spin-polarized density functional theory (DFT) calculations. The structural, electronic, mechanical, and thermodynamic properties are studied. The results show that KV_5B is a half-Heusler compound with a band gap of 0.5 eV. The results also show that KV_5B has a high Curie temperature of 1000 K.

|-----------|-----------------------------------|---|-----|

Teachers use the blended learning approach by integrating Information and Communication Technology (ICT) in teaching. Many teachers encourage students to prepare PowerPoint presentations on new topics and present them in the classroom, which is part of the flipped classroom technique. To develop an in-depth understanding of the subject, teachers also adopt survey and fieldwork methods. The reports of these activities are collected from students as assignments. To promote empathetic understanding, students organize weekly classes for slum dwellers. Additionally, teachers have created their own YouTube channels to support flexible and self-paced learning.

Special innovative ideas to improve the quality of higher education

Adaptive assessments can provide real-time feedback and suggest personalized study materials or skill-development modules. Establish community-based learning hubs with digital infrastructure in both urban and rural areas. These hubs could offer both online courses and hands-on experiences, linking students to institutions and industries remotely. Universities can collaborate with local communities on environmental, social, and economic sustainability projects that benefit society. Introduction of the courses which can generate employability opportunities for the students.

PROJECTS SUMMITTED BY THE STUDENTS 2023-24

Deptt. of Botany

Department of Sociology RGM Government College, Jogindernagar

To reinforce the essence of Sociology as a discipline grounded in social realities, compulsory research projects were undertaken by second-year students on various contemporary social problems such as child begging, rising cases of divorce in rural areas, migrant labourers residing in Jogindernagar, transgender issues, abuse of social media, identity crisis, and related concerns. These projects enabled students to engage directly with society, apply sociological concepts and research methods, and develop a deeper understanding of emerging social

challenges and their implications.(Record in files)

आज प्याज के परांठे बनाए
स्टील के गिलास में
चाय की चुस्कियों के साथ
खाए तो हॉस्टल के दिन याद
आ गए।
आइने में आंखों के गिर्द
गहराते काले दायरे
और बल खाती झुर्रियां देख
वो आइलाइनर वो

****Completion of Training Under IIC at Panjab University, Chandigarh**** I, Kaumudi Sharma, along with Prof. Manju Bala, successfully completed the Innovation & Entrepreneurship Training Programme conducted under the Institution's Innovation Council (IIC) at Panjab University, Chandigarh, on 28th November 2025. The training focused on strengthening innovation culture in academic institutions, developing entrepreneurial competencies, understanding national innovation frameworks, and enhancing the capacity of faculty coordinators to mentor student innovators. The sessions provided deep insights into idea development, incubation processes, design thinking, and academically aligned innovation practices. This training has equipped both of us to further reinforce IIC activities at RGMGC Jogindernagar, implement structured innovation-based programmes, and contribute to a stronger institutional ecosystem for student-led creativity, problem-solving, and entrepreneurship.

IIC Activity Report: Fair & Industry Collaboration

Under the initiatives of the Institution's Innovation Council (IIC) at RGMGC Jogindernagar, we successfully organised an Innovation and Entrepreneurship Fair, providing students a platform to display creativity, product ideas, and community-linked innovations.

As part of strengthening industry–academia linkages, the IIC further collaborated with Ms. Rukhsar, owner of OWL (Organic With Luv), Bir, to launch a hands-on internship programme for college students. Through this collaboration, students are receiving practical training in the production of organic soaps, cosmetics, balms, scrubs, and other wellness products, along with exposure to branding, packaging, and small-scale enterprise management.

This initiative is enabling students to gain real-world skills, entrepreneurial confidence, and experience in sustainable product development—fulfilling the core objectives of IIC in fostering innovation, skill development, and industry partnerships within the institution.

IIC activities: sashaktikaran mela:

Report on Sashaktikaran Mela Organised at RGMGC, Jogindernagar :

The Sashaktikaran Mela organised at Rajiv Gandhi Memorial Government College (RGMGC), Jogindernagar under Unnat Bharat Abhiyan (UBA) brought together 12 Self Help Groups (SHGs) from nearby panchayats, offering them a dignified and vibrant platform to showcase their products. The stalls featured a variety of local goods—handmade food items, spices, pickles, handicrafts, woollens, herbal products, and eco-friendly materials—representing the cultural and economic diversity of the region.

The mela generated encouraging income opportunities for rural women, with the highest-earning SHG recording sales worth ₹12,000 in a single day. This reflects the strong community response, increased market visibility, and rising consumer trust in SHG-led local entrepreneurship.

The event strengthened UBA's commitment to women empowerment, rural livelihood promotion, and sustainable economic development, while reaffirming the college's role as an active community partner.

The Sashaktikaran Mela, initiated under Unnat Bharat Abhiyan (UBA) by Rajiv Gandhi Memorial Government College (RGMGC), Jogindernagar, has emerged as a transformative platform for strengthening rural livelihoods, promoting women empowerment, and supporting local entrepreneurship. Inspired by the overwhelming success of the inaugural Navachar evam Sashaktikaran Mela held on 29 August 2025, the local administration, along with UBA–RGMGC, institutionalised the mela as a continuous weekly event at the SDM Complex (Mini Secretariat) Jogindernagar, starting 31 August 2025. This continuous mela is now recognised as a sustainable community-centric practice, ensuring long-term benefits for Self Help Groups (SHGs), local farmers, youth entrepreneurs, and the wider public.

Report on UBA Visit to Panchayat Jimjima :

Under the extension activities of Unnat Bharat Abhiyan (UBA), a team from RGMGC Jogindernagar visited Panchayat Jimjima to conduct a community awareness session on Poshan Mah. A focused lecture was delivered on the importance of balanced nutrition, maternal and child health, anemia prevention, the use of locally available nutritious foods, and sustainable household dietary practices. The session witnessed enthusiastic participation from women, local community members, ASHA workers, and panchayat representatives.

As part of UBA's initiative to promote medicinal and wellness-based plantation, Ashwagandha plants were distributed to the beneficiaries. This effort aimed to encourage households to adopt herbal cultivation for immunity enhancement, livelihood support, and long-term health benefits. The visit strengthened college–community linkage and reinforced UBA's mission of improving rural wellbeing through education, awareness, and sustainable practices.

1. Introduction

"We are the first generation to feel the effect of climate change and the last generation who can do something about it"

For the ecosystem to flourish sustainably or for an organization to be eco-friendly, a green audit is necessary. Higher education institutions have been concentrating on academic and infrastructure operations for the previous several decades, which has resulted in required financial audit only. To help HEIs to identify their environmental consequences and evaluate their compliance with relevant rules and regulations, a tool known as a "green audit" has come into the picture. It is a useful tool to determine, where we are using most of energy & water resources and the necessary changes to be implemented for minimizing their use and a self-enquiry of the institution for the sustainable development by reducing carbon footprint and conserving environment. As a part of such practice, green audit is conducted to evaluate the actual scenario at the organization

In compliance with the NAAC criterion, HEIs prepare and analyze green audit report which is also a part of its corporate social responsibility. To ensure that the institution's green legacy is continued, self-assessment is crucial in complete reporting of the institution's green quotient and strategic plan.

About the College: With the towering mountain range as the back drop, Rajiv Gandhi Memorial Govt. College Joginder Nagar was established in May 1994. The college is currently commemorating its 26th year of illustrious academic life. It is affiliated to Himachal Pradesh University Shimla and is located on the foothills of Dhauladhar Range of Himalaya's with lush green vegetation and fertile land. The NH-154 and narrow-gauge railway station JoginderNagar are at a stone's throw away from the college. The college campus is spread over 5 acres area of land, connected with road facility, surrounded by civil hospital, mini secretariat, playground and in the vicinity of agricultural land. It is located at a distance of 57 kms from Mandi district headquarter. The college is included under Section 2(F) & 12(B) of UGC Act 1956. The college is free from noise and air pollution. There is a peaceful and serene academic oriented atmosphere in the college campus with co-educational system. The college is catering to the needs of rural and backward areas by providing quality education.

2. Objectives of Green Audit

The main objectives of Green Audit are as follows:

- To minimize the use of energy, water and other resources by focusing on alternate natural resources
- Role of HEIs in sustainable development of the environment
- Conservation of biodiversity through green campus management
- Self enquiry to reduce carbon footprint
- Proper disposal of waste and its management
- To raise the green quotient of staff and students

3. Methodology

Pre audit stage

The audit team identified the following areas for analysis:

- I. Water auditing
- II. Energy management
- III. Waste management
- IV. Green campus management
- V. Carbon footprint

Audit stage

- I. Preparation and filling up of questionnaire: The team created a questionnaire about green practices followed in college, and 186 responses from students and staff were collected via Google Form. It was quite useful in determining the respondents' level of green consciousness.
- II. In order to gather primary data, the audit team physically inspected the campus, visiting several departments, the library, labs, canteen, administration building, garden, parking lot, multipurpose hall, and garden.
- III. Various documents from the offices and departments were inspected, examined, and gathered.
- IV. The college's principal, staff members, and students were questioned to get their opinions.

Post audit stage

In order to create an audit report with suggestions and a future plan of action, the data gathered from all the resources was combined.

4. Audit report

a. Water Auditing

The college receives water from the Himachal Pradesh Jal Shakti Vibhag, which is used for drinking, sanitation, domestic use, and horticulture. Aside from that, the college campus has a rainwater harvesting tank, and the water saved in it is used for gardening.

There are eight 1000-litre water tanks on the roof of the Arts and Science block, two in the administration block, one in the canteen, and fourteen in the staff quarters. According to the office record of the preceding six months' water bill, the average daily use is roughly 1366 Litres, which covers drinking, sanitation, and some gardening. There is no shortage of water on our college campus because demand and supply are

balanced, as evidenced by a survey in which more than 98 percent of respondents stated that the college had adequate potable drinking water supplies.

The college has sufficient supply of potable drinking water?

Water purifier in Administration Block

Water is obtained from natural resources, and its physical, chemical, and biological qualities are assessed by the relevant agency prior to distribution. Because higher standard water is required for drinking, therefore three water purifiers and two water coolers are installed for further purification.

Water purifier and coolers

The physico-chemical properties of tap water are analyzed in chemistry laboratory and are compared with BIS acceptable limits. All the parameters are found within the limits and water is found fit for drinking purposes. The analysis report is given below:

| Parameters | Tap water | Parameters | Tap water |
|---|-----------|---|-----------|
| pH | 6.80 | Electrical Conductivity (in $\mu\text{S}/\text{cm}$) | 196.9 |
| Total Alkalinity (in mg/L) | 52 | Chloride (in mg/L) | 25.49 |
| TDS (in ppm) | 127.9 | Sodium (in ppm) | 42 |
| Dissolved Oxygen (in mg/L) | 8.387 | Potassium (in ppm) | 2 |
| Total Hardness as CaCO_3 (in mg/L) | 48 | Calcium (in mg/L) | 12.4 |
| Magnesium (in mg/L) | 4.148 | | |

The college does not have a water treatment facility, so waste water is discharged into sewage pipes that are connected to the Municipal Corporation's central sewage system.

The drinking water sink pipes have been moved to the gardens, where they are used to irrigate the plants. Our college's water conservation efforts are commendable, as evidenced by the fact that more than 95% of users turn off the tap after each use, and 94% have not discovered any water line leaks.

Rainwater Harvesting Tank

Rain water harvesting is the best traditional method for conservation of water and also for limiting the supply of drinking water for gardening. Rainwater harvesting tank is constructed in the backside of our college campus with a capacity of . The rainwater is collected via the downpipes, which are linked to the tank. Water undergoes primary purification treatment in the tank and is further used for gardening purposes.

b. Energy management

The main consumption of energy is in lighting and running the computer systems. The college has been sanctioned a load of 52 kW from Himachal Pradesh State Electricity Board. The average monthly electricity consumption is 927 units and a bill of Rs 9,475/- is paid for it. Solar panels are an alternative renewable energy source. The college has set up solar panels and solar lights at key points in the campus. The solar lights illuminate the college at night and also help in educating students about how

Natural lighting and ventilation in classrooms

The college has installed all energy saving LED bulbs. The classrooms are designed with sufficient ventilation and natural illumination to eliminate the need for electrical lighting during the day. There are no air conditioners installed in the college because of the favourable climate.

The solar panels with the capacity of 15 kva and an estimated cost of Rs. 7,08,750/- are installed in administrative block in session 2024-25.

c. Waste Management

The waste generated in the campus is classified as bio degradable and non bio degradable waste which mainly comprises of paper waste, waste from science labs, domestic waste from staff quarters, college canteen and girls' toilets. There are bins for collecting waste in every department and college office. The college campus has blue and green containers for collecting biodegradable and non-biodegradable waste.

respectively. The biodegradable waste that is gathered from bins and the college canteen breaks down in the vermi composting unit and is applied as garden manure. There is no waste treatment facility in the college, thus the municipal council of Joginder Nagar's waste collection vehicle picks up non biodegradable waste and domestic waste from staff quarters. In the girls' toilet, sanitary pad incinerators are installed, which aid in disposing of the sanitary pads in an environmentally friendly manner by burning and turning them into ash. The office and admissions processes are digital, all announcements are distributed to students via the college website, and double-sided printing is used, thus the amount of paper waste produced is minimal.

Green Audit survey finding 3 & 4

The liquid waste from Chemistry labs is discharged into the specially designed waste tank, which is located adjacent to the Chemistry laboratory.

E-waste is categorized by respective departments and disposed through auction.

Vermicomposting: It is an eco friendly process that recycles organic waste into compost and produces fertilizer. In our college, a vermi compost pit is built for this purpose and bio degradable waste is decomposed into nutrient rich fertilizer.

d. Green Campus Management

The college campus is immensely diverse with a variety of tree species performing a variety of functions. The trees, herbs and shrubs of the college plays an integral part in improving the quality of life, not only the college fraternity but also the people around of the college in terms of contributing to our environment by providing oxygen, improving air quality, climate amelioration, conservation of water, preserving soil, and supporting wildlife, controlling climate by moderating the effects of the sun, rain and wind. Leaves absorb and filter the sun's radiant energy, keeping things cool in summer. Many species of birds are dependent on these trees mainly for food and shelter. Nectar of flowers and plants is a favourite of birds and many insects. Fruit bearing trees attract variety of insects like wasps, bees, ants and beetles thus increasing the biodiversity. Leaf covered branches keep many animals, such as birds out of reach of predators. Different species display a seemingly endless variety of shapes, forms, texture and vibrant colours. Even individual trees vary their appearance throughout the course of the year as the seasons change. Efforts have been made not to disturb the local flora of the area and most of the trees of the campus are indigenous to the area. A thick belt of large shady trees in the periphery of the college have planted to bring down noise and cut down dust and storms. Thus, the college has been playing a significant role in maintaining the environment of the entire town in its surrounding areas.

Green Cover of the Campus

In addition to preserve and protect the local biodiversity, many tree species have also been planted in different periods of time through various plantation programmes organised by the authority and have become an integral part of the college along with the native plant species. College has around 70 variety of plants including tree species,

shrubs and herbs. Almost 300 potted ornamental plants also contribute to the beauty and greenery of the campus. List of few plants present in the campus is given in Table 1.
